

Please Join us in Prayer for Aubry

Little Aubry entered state care when she was just five months old. Although stable, the 2-year-old faces a difficult road ahead. Her biological parents are unable to provide for her extensive medical and health needs, so this adorable little girl needs an extra-special forever family.

Aubry has no siblings, but she seems comfortable around children. Her development is delayed, but progressing. Currently, though, she is both non-mobile and non-verbal. As she grows and matures, Aubry will likely need a wheelchair to get around.

The ideal family for Aubry would be financially stable with a flexible schedule. They should also be willing to accept support from their family and their community.

Aubry's medical needs will require lots of doctor appointments and visits with a variety of specialists. She needs a forever family willing to go the extra mile for her. She would thrive in a placement with access to developmental programs, so she needs patient parents dedicated to providing for her quality of life and who will safeguard her dignity as a human person and a child of God.

Almighty God, you gave your only Son into the care of a human family:

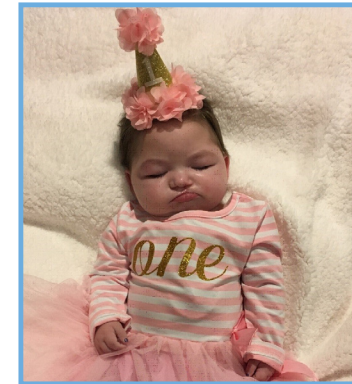

Please open the hearts of your people to all children in foster care, especially Aubry; send parents to love them, communities to guide them, and your Holy Spirit to nurture them into the people you want them to be. This we ask through your Son, Jesus Christ.

Amen
