PURPOSE

FOSTERING CONNECTIONS AND SHARING among states and stakeholders who represent multiple sectors, in support of effective implementation of the Family First Prevention Services Act.

OBJECTIVES

MAKE CONNECTIONS among a cross-section of stakeholders in Region 7.

SHARE INFORMATION about each state's implementation process.

LEARN ABOUT & EXPLORE models, promising practices, and remaining needs on a selected set of important implementation topics.

ANTICIPATED RESULTS

Region 7 **ADVANCES MORE QUICKLY** toward effective implementation of Family First by benefitting from insights and connections with colleagues from IA, KS, MO, NE and Region 7 Administrative Office resources.

A range of stakeholders have **INCREASED CLARITY** about each other's needs in support of effective implementation.

OPPORTUNITIES AND CHALLENGES ARE IDENTIFIED and addressed in a useful way for the purposes of continuing to support Family First implementation progress within and among Region 7 states and stakeholders.

Potential ideas for **SHARED SOLUTIONS DEVELOPMENT** within or across Region 7 may be identified.
