Healing IN Motion

A continuum of care for
children and families.

The process

Change is the one constant of the universe. Life is motion. Nothing happens in stasis – no growth, no healing. We present to you our most recent snapshot of the programs and services we provide to the children and families in our care. As you can see, Saint Francis Ministries is anything but static. During the 2017-2018 fiscal year, we expanded, rebranded, and redefined what it means to minister to the marginalized. Ever adaptable, Saint Francis is always moving, proactively looking for opportunities to serve, to guide, to guard, to heal. Life is motion, and your friendship with Saint Francis makes it possible for us to provide healing in motion.

Our Mission

Saint Francis, providing healing and hope to children and families.
