Can I be a foster parent?

YES!

By meeting the following requirements and making the decision to open up your heart and your home, you can bring hope to a child that needs you.

- Be 21 years of age or older
- Take 35 hours of pre-service training
- Pass criminal and child welfare clearance checks
- Have a source of income other than foster reimbursement
- Own or rent a home that meets all state requirements
- Be willing to work as part of a team with children, families, Saint Francis staff, and other professionals

Take the first step

Call 833.883.2921 today or go online to www.Fostercare-Texas.org and let us help you decide if becoming a foster parent is right for you.

Foster Care Homes Program

Saint Francis MINISTRIES

HOPE STARTS HERE

Texas children come to foster care from all walks of life and from every community. Many have experienced trauma, so they come frightened, confused, and anxious.

Foster parents open their homes and hearts – helping children heal, trust, and hope again.

Children in care range in age from birth to 17, mostly school-aged. We also strive to keep sibling groups together. Most enter foster care due to abuse or neglect, while others exhibit behavioral disorders.

Whatever their story, each child in foster care needs a safe place to stay and a family to provide for their emotional, educational, medical, and special behavioral needs.

Foster parents build hope

Just as children come from all walks of life, so do foster parents. You don't have to be wealthy, live in a big house, or be married. You simply need room in your heart and in your home to give children a safe space to heal and build hope.

Foster Family Care

Foster parents provide a temporary home and quality care for children. Working with birth parents, they help prepare children for the day they can safely reunite with their families.

When children cannot go home, they assist with the transition to placement with relatives, to an adoptive home, or entry into self-sufficient adulthood.

Foster parents provide daily care and support aimed at promoting healthy physical and emotional growth, recovery from trauma, and hope while children are separated from their family.

Respite care

Respite care providers give foster parents planned time off for rest and renewal. These providers care for children for shorter periods of time. Their assistance is invaluable.

Rewards and Benefits

Foster parents:

- Positively influence a young person's life
- Keep children safe, within a family environment
- Serve their community
- Participate on a professional team
- Enrich the quality of their own life through foster parenting

Saint Francis foster parents receive:

- Advocacy and assistance in navigating the foster care system in Texas, with 24/7 support.
- Free, professional, and ongoing training
- Respite/relief care
- Tax-free compensation
- Mileage reimbursement per state guidelines
- Medical cards for foster children
- Daycare assistance following state guidelines
- Online resources and support with easily accessible tools and training
- The joy of providing healing and hope to a child in need

We're not down here on Earth just for ourselves; we're here to help others. I can't change what a kid has been through, but I can still be present for him. I'll help and support him, and together we'll do our best."

— Sheryl & Otis McHenry, Saint Francis Foster Parents
