THE WHOLE PERSON

No child deserves to be defined by a diagnosis. Whatever the issue that brings a child to Saint Francis, it is but part of the individual. Lasting healing occurs when we meet the needs of the whole person – mind, body, and spirit.

We designed our treatment facility to serve as a place where youth can connect with the healing power of nature. Our campus offers a variety of recreational, creative, and spiritual activities to enhance healing and well-being:

- Gymnasium
- Award-winning Dining Hall
- Library (Reading and Reflection Room)
- Yoga
- Peace Garden
- Ropes Course
- Equine Therapy
- Art Therapy
- On-site Education
- Two Chapels (St. Onesimus and The Brown Family Chapel)
